Dates/times available to have supplies delivered:

We are attempting to make our organization more efficient and would like to do many of our deliveries the last week of June and the first two weeks of July. It would be helpful to arrange a delivery time during that period.

Thank you for accepting recycled school supplies. Most of our supplies have been used but are in good condition. We will clean up the donated supplies and throw out anything we would not use ourselves and deliver it to you.

We are never sure how many supplies we will get. We consistently get a large amount of 3-ring binders (all sizes), spiral notebooks, composition books, folders, paper, writing utensils, markers, crayons, cloth book covers and locker shelving. Everything else is up in the air but don't be shy about letting us know what could help you out. You might be the only person needing a large amount of post-it notes and protractors.

Please give a rough estimate of how much you would like to receive. If you have an exact amount in mind it would be helpful. If you are not sure how much, just check that you would like some or let us know how many students you are planning on providing for.
